## EXPERIENCE

### 1893 Brand Studio – UNC Chapel Hill

August 2021-Present

Web Developer and Graphic Designer

- Works on various web development and graphic design projects for real companies in the Chapel Hill area while adhering to tight deadlines
- Contributes to internal marketing projects for the Brand Studio, including creating social media content and blog graphics and improving our website

### Juni Learning – Remote

April 2021-Present

Computer Science Instructor

- Executes Computer Science lesson plans (in Python and Java) for students ages 8-18, while adapting to student needs and interests
- Communicates with parents on a regular basis, providing updates on student progress and results from learning assessments
- Maintains records for each student, covering multiple courses and skill levels

### illumis – Remote

June 2021-August 2021

Frontend Development Intern

- Designed and implemented two internal facing dashboards using React, Material UI, React Router, Redux, Axios, and other related technologies while adapting to changing project requirements
- Attended daily stand-up meetings with the engineering team to report my progress and any roadblocks

### Google Developer Group Chapel Hill

September 2020-May 2021

iOS Developer and Graphic Designer

- Worked with a team to develop the iOS front-end (using Swift) for a mobile news app
- Communicated with the back-end team and the Android team to create a cohesive app experience
- Designed logos for the apps and projects the organization created while adhering to tight deadlines

### Notasium: Music Lessons and Play Space – Cary, NC

January 2019-August 2019

Camp Counselor and Event Hostess

- Supervised groups of 5 to 12 children between the ages of 3 and 10 and taught crafts by breaking down tasks into simple steps
- Clearly communicated policies and safety procedures to campers and event guests
- Worked with a team to ensure the guests had everything they needed throughout the event

## SKILLS

- Programming Languages: Java, Python, JavaScript, TypeScript, and Swift
- Proficient in HTML, CSS, React, Material UI, and Adobe Creative Suite
- Experience with Linux, git, and motion graphics
- Strong written and verbal communication skills
